

Pull-out

Perfect for:

- **Heavier items**
- **High-density Picking**
- **Add to pallet racking**
- **Up to 1500kg per unit**
- **70% - 100% extraction**
- **Pallet enclosures available**

Strong, maximum extraction drawers inside racking

Transform racking into rigid, high-capacity high-density picking units that use the full depth of space available inside existing racks. Pallet collars and dividers provide an efficient solution.
